Cyber Security, Network Administrator

About me

With a strong foundation in cybersecurity and IT infrastructure, I am focused on solving complex technical challenges and ensuring optimal performance and security for businesses. My expertise spans cybersecurity, network security, system administration, and managing security solutions.

Work experience

Cybersecurity Engineer · Donaris Vienna Insurance Group · Chișinău

January 2025 - Present · 11 months

- Threat Monitoring & Prevention:

Oversee IT infrastructure to identify risks and implement security measures (IDS/IPS, firewalls, endpoint protection, encryption, SIEM).

- Incident Management:

Investigate security incidents, coordinate rapid responses, and ensure timely remediation.

- IT & CCTV Security:

Monitor and secure both IT and video surveillance systems, managing data access and protection.

- Operational Oversight:

Monitor outputs from SOC and NOC systems to ensure swift threat detection and resolution.

- Strategic Planning:

Develop business continuity and disaster recovery plans, and conduct cybersecurity awareness training.

Skills: Cybersecurity
