## Despre mine

I worked as a waiter in the summer and quite often I talked with foreigners. They were friendly and very fond of talking.

Before quarantine, I lived with my family in Athens (Greece) for about 1 month and every day I spoke in English with tourists and local people. I walked in the park and talked to people about the weather and life in Greece and talked in shops with vendors and on the beach with local people while playing.

And in 2022 I was working in the ITN company as a travel agent for 1 month and it was hard for me to combine school and work. Now I am quite interested in this work.

I work very well in the team and always take responsibility on myself and achieve good results in my studies and at work! I control myself and can communicate with other people without any problems! I love to develop and get better every day! I have been practicing judo for 3 years and I was one of the leaders of the group! I read every day and therefore I can calm, set goals and fulfill them!

I have been studying English for 3 years. Now I am studying English 2 times a week in courses.

I practice English on the internet myself.

I'm not afraid to communicate with people.

I always finish my work to the end and I am constantly motivated.
