UI/UX Designer, WEB & Graphic Designer

Despre mine

With over three years of experience shaping intuitive, user-first designs for web platforms, CRM systems and landing pages, I leverage Figma and the Adobe Creative Suite to build scalable design systems that accelerate feature delivery and ensure visual consistency.

I thrive in Agile, cross-functional teams—leading collaborative sprints with developers, product managers and stakeholders to take projects from research and wireframes through prototyping, testing and final hand-off. Passionate about accessibility and data-driven iteration, I deliver polished interfaces that boost engagement and align with strategic business goals.

Experiența profesională

UI/UX Designer · BitSoft Moldova · Bălți

Noiembrie 2023 - Prezent · 2 ani 1 lună

1. Website design - Designing and developing user interfaces for websites
2. CRM design and development - Designing and developing interfaces for customer relationship management (CRM) systems, improving their functionality and accessibility
3. Constant UI/UX Improvement - Monitoring and analyzing the performance of existing interfaces, proposing and implementing improvements to optimize the user experience
4. Responsive Design and Accessibility - Creating responsive designs that adapt to various screen sizes and ensure accessibility for users with disabilities
5. Collaboration with development teams - Collaborating closely with developers to ensure accurate and efficient implementation of designs
6. Selecting and editing images, graphics, and other visual elements to enhance the design of websites and other digital assets
7. Maintaining brand consistency - Developing and maintaining design guidelines and styles to ensure consistency across projects
