Data Analyst

About me

Junior Data Analyst with developed expertise in reporting on key business metrics (contract performance, student enrollment) at Happy Numbers, a US-based company. Seeking a challenging role where I can leverage my data analysis skills to contribute to a company's success.

Work experience

Data Analyst · Happy Numbers · Chișinău

January 2024 - August 2024 · 8 months

Ed-Tech company which helps PK-5 teachers differentiate instruction and deepen students' conceptual understanding of math.

- Analyzed student performance data and contract effectiveness.
- Created and configured filters to ensure data accuracy and relevance, excluding non-target users (teachers and students).
- Generated on-demand reports for managers, including analysis of individual class performance, for subsequent reporting to schools using Excel.
- Audited leads to identify discrepancies in deal amounts from 2020 to 2024.
- Provided customer support and granted access to new clients during the onboarding season, updating client data in the CRM system.
- Onboarded new employees, updated and expanded the knowledge base in Confluence.
- Tested new service functionalities (application homepage and internal CRM system).
