# C#/.NET Backend Developer

## About me

Experienced C#/.NET Backend Developer with 3+ years of hands-on experience in building backend systems using .NET Core. Specialized in developing microservices with ASP.NET Core, Entity Framework Core, and CQRS. Proficient in working with PostgreSQL, ClickHouse, Redis, and RabbitMQ. Strong team player, ready to solve complex challenges in fast-paced environments. English: B1 (Intermediate). Passionate about chess and running — completed my first half-marathon in 2024.

## Work experience

### C#/.NET Developer · Dex · Tiraspol

March 2022 - Present · 3 years 11 months

Mobile Device Management System (MDM)

Designed microservice architecture for managing corporate Android/iOS devices

Implemented CQRS to simplify service separation

Created logging service using ClickHouse

Optimized data handling with RabbitMQ and Redis

Mentored junior developer and conducted code reviews

Technologies: ASP.NET Core, .NET 8, EF Core, PostgreSQL, ClickHouse, RabbitMQ, Redis, Docker, REST API

Medical Data Integration Platform

Developed backend components in a monolithic architecture

Optimized API performance by 50% through improved DB queries and memory usage

Introduced data caching, boosting system speed by 30%

Technologies: ASP.NET Core, .NET 5, Linq2db, PostgreSQL, ClickHouse, Swagger

HR Management Service

Built APIs for vacation and personnel workflows

Integrated MinIO cloud storage for document handling

Introduced centralized logging and data validation

Technologies: ASP.NET Core, .NET 6, EF, Redis, RabbitMQ, MinIO, MassTransit, FluentValidation

Public Transportation Payment System

Contributed to backend development of payment system for city transport

Implemented Redis-based caching and centralized logging with Serilog + Grafana Loki

Developed API for integration with mobile apps

Technologies: ASP.NET Core, .NET 6, PostgreSQL, ClickHouse, Redis, RabbitMQ, Serilog, Grafana Loki

Skills: Databases, OOP, C#, RabbitMQ, SOLID, PostgreSQL, Entity Framework, .NET

## **Desired industry**

- IT, Tech

## **Education: Incomplete higher**

**Moscow State University of Technology "STANKIN"**

*Graduated in: 2022*
