Inginer topograf

About me

Highly adaptable and quick-learning specialist with a background in Hydrographic Engineering and a semester of Master's studies in Environmental Monitoring. Proficient in AutoCAD, SketchUp, and remote sensing image analysis, all self-taught, with strong attention to detail and a passion for cartography and technical drawing. Eager to apply my skills and learn new tools to contribute effectively to projects in surveying, mapping, and environmental analysis.

Work experience

Freelancer in the field of Environmental monitoring · Self-Employed · Everywhere

November 2023 - Present · 2 years 1 month

- Working together with planners, ecologists and civil engineers to monitor

and protect the environment

- Using specialized technical equipment to collect data for nautical charts and

maps

- Providing reports, managing data and answering technical queries

- Collecting information about the type of seabed along with the movement of water and waves.

Skills: QINSY, Geodesy, Knowledge of Topography, Hydrographic Surveying, QGIS, AutoCAD, ArcGis

Assistant to the Chef Engineer · DONGIS · Rostov-on-Don

August 2022 - November 2022 · 4 months

- Dredging Operations Planning: Contributed to creating simplified plans for dredging operations, enhancing project efficiency by optimizing resource allocation.

- Data Management: Coordinated data collection and organization, supporting the team in producing accurate reports for environmental monitoring and engineering projects.

Category: B

Desired industry

- Construction / Repairs / Architecture

Education: Higher

Admiral F.F. Ushakov State Maritime University
Graduated in: 2021
Speciality: Water transport management and hydrographic support of navigation

Armavir law school
Graduated in: 2017
Speciality: Lawyer

Courses, trainings

Make an Impact with Modern Geo Apps
Graduated in 2025
Organizer: ESRI Training

Hyperspectral Thermal Image Unmixing
Graduated in 2024
Organizer: GEO University

Realtime landscaping architect
Graduated in 2022
Organizer: Skillbox
