Marketing specialist

Work experience

Head of marketing · DWB AGENCY · Chișinău

November 2022 - August 2025 · 2 years 10 months

I led a marketing department from the ground up, handling everything from team building and process establishment to developing the overall strategy.

Promoting franchises is my core experience. I developed and launched effective ad campaigns that led to significant growth. As a result, the number of leads increased by 2.5 times, and sales also grew substantially.

I've worked with a wide range of business sectors, from luxury restaurants and airlines to real estate and car dealerships. This experience has allowed me to quickly adapt to any vertical and find effective solutions.

I managed large budgets, from €5,000 to €150,000 per project per month. I oversaw promotion across various channels, including Yandex.Direct, Google Ads, VK Ads, Telegram Ads, TikTok Ads, Avito, and others.

I created content and worked with production teams. I developed strategies for YouTube promotion and supervised film crews and designers.

I collaborated with the sales department to ensure we worked as one team. This helped us not only get more leads but also successfully close deals.
