Android Developer

About me

I have over 4 years of experience in Android development, covering every stage of the software development lifecycle. My expertise includes requirements gathering, analysis, design, development, and ongoing maintenance of software applications. I have taken a leadership role in managing the implementation of large cross-functional projects, collaborating with multiple development teams. My ability to prioritize app functionalities has consistently contributed to increased customer engagement and loyalty.

Desired industry

- IT, Tech

- Cicerone
- Fresco
- Glide
- Picasso
- Coil
- Swift
- RxJava
- RxKotlin
