Software Developer

About me

Actively seeking internships or collaborations to apply my skills in real-world environments and grow as a professional (including unpaid work for a few months).

Driven and enthusiastic Software Developer with a strong foundation in modern technologies and a proven ability to build interactive, user-focused applications. Passionate about technology and eager to contribute to impactful projects while continuously expanding my expertise. Highly ambitious, quick to learn, and committed to delivering results.

Work experience

Web Developer · EBS INTEGRATOR · Chişinău
May 2025 - May 2025 · 1 month

- # Training Practice (4 weeks)
- Participated in an intensive Web Development training program
- Developed and strengthened skills in React
- Gained hands-on experience with Git/GitHub for version control
- Implemented APIs to display dynamic data in applications

Skills: Git, RESTful Api, React

CovrigGame - React + Java (Spring Boot) Game Development · Portfolio Project · Chişinău
April 2025 - April 2025 · 1 month

The largest and most complex project to date, built entirely in React + Java (Spring Boot). It features full gameplay logic, dynamic UI design, user interaction handling, and efficient DOM manipulation. Focused on creating smooth player experience and responsive controls through clean, modular code.
