Let's say I am an experienced trouble shooter for all problems that companies facing in current conditions of the economy. And I shoot directly in the aim, without "water", so I can save money for the company and multiply earnings.

My professional ROLES ARE LEADER, MANAGER, CEO, EXECUTIVE DIRECTOR, HRD

My total experience in sales almost 8 years working for International Companies in the field of digital technologies and finances. I was trained by American school of sales and marketing represented by such authorities as Anthony Robbins, Jim Ron, Jordan Piterson, Simon Sinek and etc, so definitely, I got the ideas, skills and knowledges that can benefit any company and any product.

There is a definition of management as a C-level position, but some skill sets and experiences have no level restrictions, they simply extend beyond them.
