Sale Manager

Обо мне

I am a persistent, motivated, and results-oriented person, with a constant desire to learn and develop both personally and professionally. I confidently take on challenges and always look for efficient solutions to achieve my goals. I have an open mindset, I am flexible, and I adapt quickly to dynamic environments and changes around me.

Driven by my passion for technology, logistics, and real estate, I am prepared to engage in complex projects, collaborate effectively within a team, and contribute to the success of the organization.

Skills and Competencies

Perseverance and results orientation – I complete assigned tasks regardless of obstacles.

Fast learning ability – I am motivated to acquire new knowledge and continually improve.

Flexibility and adaptability – I easily adjust to new fields and different work environments.

IT Competencies:

Database administration (SQL)

Development of .NET applications

Programming in C++

Use of Adobe technologies

3D design and modeling (Blender and similar applications)

Microsoft Office – advanced use within the ICT field

Additional Knowledge:

Logistics and transportation – interest and practical development in the field

Real estate – experience in client communication and online property promotion

Finance and economics – active interest in expanding financial and investment knowledge
