Chemical Engineer | Technologist

Despre mine

I am offering my services as an engineer chemist. I have a BSc in Pharmaceutical Manufacturing Technology and an MSc in Coordination Chemistry. I worked as a Chemical Engineer in a private lab where I was engaged in the process of the synthesis of organic compounds (pheromones for insects). I have knowledge and skills in inorganic chemistry, organic chemistry and analytical chemistry.

- General Chemistry
- Organic synthesis
- Chemical analysis

Experiența profesională

Chemical Engineer · BioChemTech SRL · Chișinău
Iunie 2018 - Mai 2021 · 2 ani 11 luni

- Developed and designed processes for the organic synthesis (pheromons for insects)
- Optimized the synthesis process to improve yields, reduce costs, increase quality
- Prepared organic compounds for analysis (extraction, purification, concentration)

Domeniul dorit

- Chimie / Biochimie

Studii: Superioare

Moldova State University

Absolvit în: 2021

Facultatea: Chemistry and Chemical Technology

Specialitatea: Master's Degree. Coordination Chemistry

Moldova State University

Absolvit în: 2019
