Front-End Developer

About me

Technical Competence: "Strong knowledge of programming and experience with languages such as JavaScript, as well as frameworks like React, Redux, and Node.js."

Problem-Solving Skills: "Ability to quickly analyze and solve technical issues, demonstrating logical thinking and attention to detail."

Teamwork: "Experience working in development teams, effectively collaborating and sharing knowledge to achieve common goals."

Learning Agility: "Willingness to quickly learn new technologies and tools to stay up-to-date with the latest trends in development."

Work experience

Front-End Developer · Vev Dev · Chișinău

April 2025 - Present · 10 months

- Led development of two key projects: a notary archive system and a workshop invoice tracking form for an auto service platform.
- Built complex, dynamic forms using react-hook-form for efficient validation and performance.
- Developed server-rendered web apps using Next.js, with emphasis on scalability and SEO.
- Implemented efficient data fetching and caching strategies with RTK Query.
- Designed responsive, accessible UI components using Material UI (MUI) and styled layouts with Tailwind CSS.
- Used Yup for robust schema validation and integrated Vino in the application stack for enhanced state or tooling support.

Skills: Material UI, Tailwind, RTK Query, Next, Hooks Form, Yup

Full-Stack Developer · Velvetech · Moscow

December 2023 - February 2025 · 1 year 3 months

- Designed and developed websites using TypeScript, Next.js, and Gatsby.js.
- Employed state management tools like Redux to build scalable and maintainable applications.

Category: B

- Integrated REST APIs and GraphQL for seamless communication between front-end and back-end services.
- Adhered to clean code principles and implemented architectural approaches such as Feature-Sliced Design (FSD) and SOLID principles to ensure ease of project maintenance.
- Gained experience in back-end development, primarily working with Node.js and Express.
- Worked with databases using Prisma ORM for efficient data modeling and queries.
- Delivered projects with a high level of maintainability, scalability, and performance.
- Expanded expertise in full-stack development, enabling end-to-end project execution.

Skills: TypeScript, Next.js, Prisma, Git, TailwindCss

Front-End Developer · Community Fibre · Chișinău

June 2022 - August 2023 · 1 year 3 months

- Developed user interfaces using Vanilla JavaScript to implement website functionality.
- Completed tasks related to website layout and styling based on provided templates.
- Optimized and adjusted interfaces to test changes and analyze their impact on user behavior (A/B testing).
- Ensured cross-platform and cross-device compatibility of website elements.
- Collaborated with developers, designers, and analysts to achieve project objectives.
- Successfully implemented changes that improved key user interaction metrics.
- Enhanced development efficiency through clean and modular code practices.

Skills: Jest testing, ReactJS, JavaScript Vanilla

Front-End Developer · T-Code · Moscow

May 2019 - May 2021 · 2 years 1 month

- Development of high-quality web applications using React
- Participation in discussions and analysis of project requirements
- Implementation of best development practices and basic initial software testing
- Project improvement and refinement
- Active participation in the planning process and discussion of technical solutions
- Close collaboration with the team

Skills: SQL, React, Databases

Front-End Developer · Titanium SRL · Chișinău

January 2019 - May 2019 · 4 months

- Created a reusable React component library to enhance development efficiency across applications.
- Developed new features for three visually similar frontend web applications using React and Redux.
- Collaborated with Product, Design, and QA teams to deliver robust, secure, and scalable capabilities.
- Participated in task estimation and Agile ceremonies, including daily stand-ups.

Skills: JavaScript, ReactJS, Redux

Desired industry

- IT, Tech

Education: Higher

USM

Graduated in: 2005
