# Manual QA Engineer

## Despre mine

As a dedicated QA engineer with over 5 years of experience, I specialize in delivering high-quality software through rigorous testing methodologies. Since August 2019, I've gained hands-on expertise in identifying, diagnosing, and resolving issues across a wide range of platforms and applications, helping teams achieve smooth product releases.

I'm passionate about understanding user needs, enhancing system functionality, and ensuring the best possible user experience. I excel at collaborating with cross-functional teams, leveraging both manual and automated testing techniques, and staying updated with the latest trends in software quality assurance.
