I have a specialized education in graphic design. My first experience was working as a designer during an internship at a book publishing house. There, I acquired skills of book layout and design, typography, attention to detail. I am currently working at a large Belarusian company which called United Company, it specializes in various fields. Here, I design different print materials such as outdoor advertisements, banners, flyers, menus, make motion graphic and much more. Additionally, I create graphics for social media and participate in the development of brand strategies.
