Dispatcher, Logist

About me

Some good qualities that I have are: responsible, reliable, diligent, oriented on the result. Also I dont face any difficulties in using PC and any applications which can be used for work. About the english level: B2 Cambridge Certificate. Intensively used my communication skills when I was working as a dispatch. During the period I studied at university I worked as a self-employed real estate agent. In addition, the fact I was a student is the reason I could not work for a long period of time in any company. For now, im ready to work and I dont have any other circumstances which can disturb me.
