Sales & Product Management & Digital Transformation

About me

I am a Senior Manager with 15+ years of proven experience in financial and operational management (OTP Bank), highly focused on results and digital transformation.

I drove profitability as a Branch Director, positioning units at No. 1 in sales and No. 2 in NBI (Net Banking Income), while managing the complete P&L.

I successfully implemented key digitalization projects (Instant Payments MIA, CBS Migration) and product development, supporting strategic alignment. My core contribution is the ability to translate strategic vision into tangible KPIs (Risk, Finance) and to lead teams to top performance.
